#4 defendant. Secretary Lebelius Health and Human Services, she was acting under the authority or color of Federal law at the time of these claims occurred as well as the previous Bush administration Secretary of HHS. WDC.

B. Nature of case The current and Past Secretary have violated the "9th amendment". They have violated, Federal RICO laws, Civil Rights act, 504 / ADA, Have acted in Bad Faith and have failed to exercise discretion, a showing of reckless and callous indifference to personal rights. They have violated my right to an education, through their refusal allowing state agencies vocational rehabilitation and Dept. of Education and regions 8, 9, 10 to not process civil rights violations; Federal HHS programs Medicaid 2) Adult Aging 3) Child Welfare Bureau, 4) Mental Health 5) TBRA, "Tenant Based rental assistance", Housing programs. 6) Grant money for "Legal Aid" clients for SSI claims and "Child Welfare Services assisted through the "Legal Services Corp."

C. Cause of Action COUNT I Washington, D.C. failed to act and were the driving force behind the injury to myself my daughter Jamie Taylor and my son Conrad Taylor alleged. Their conduct was deliberate indifference II 1983 Mon constitutional interests and laws III unauthorized intentional deprivation of Federal and State laws by Federal + State employees. There has never been a lapse of 120 days nor even one day since March, 29, 2003. They've retaliated against me for complaining, violating whistle blower protection ad RICO laws VI Violated the 9th amendment VII Failure to stop serious international abuses while taking place in Canada under their "Refugee" rights I was a party too and the International Services administered through the State of Massachusetts and Canada. VIII I believe defendants jointly conspired, effecting a vicious abuse of authority

in every State in the United States and every Federal and
State agency in the United States of America for nine years.
giving me a serious case of PTSD, "Posttraumatic
Stress disorder" as well as this illness affecting both the
Plaintiff's children, Conrad + Jamie Taylor, my life is ruined,
Total loss of peace + enjoyment from the 100% denial of all
Federal and State entities, 14th + 9th amendments from those
representing official policy and its execution of edicts and
acts, did inflict Harm and injury they are responsible for.

D. Injury I was deprived of my maternal rights and to
be able to protect my daughter Jamie Taylor and Conrad Taylor.
I was terrorized and traumatized and in 2003 PTSD began
to grow in me till it became a full blown case equal
to some who serve in our "armed forces". My two children
also have PTSD, depression. This first act of negligence began
with Governor Mitt Romney the Massachusetts governor who is
now the "G.O.P." front runner and whom I believe is also a deter-
rent in any possible action to ever take place should he become the
next president in the United States; I have suffered the most in the
State of Utah, Governor Huntsman and their hold over any
productive action ever taking place in "Office of Civil Rights and
Region 8 Denver, CO. region 10 Seattle Wash. while Governor president
as Governor my rights as an excruciated, short term LDS
Mormon. And as an out spoken Democratic woman (please
all civil rights complains protected classes) gender, religion,
politics. This is also the same situation in the State of Utah
where the government created my full blown PTSD in their
Cruel mistreatment by its municipalities jointly conspiring.
The effects of Health and Human services violations of the 9th and
14th amendments and its powerful authority meant I could not
